## ICY BOX **IB-245-C31-B** USB Type-C™ enclosure for 2.5" HDD/SSD

### Our fastest!

With the new technology of USB 3.1, even greater data transfer rates are now achieved. Also USB 3.1 is downwards compatible, with the corresponding cables. The high data rate of up to 10 Gbit/s is supported by the included USB 3.1 Type-C™ cable and only needs a suitable end piece in the form of a PC, tablet or the like.

### Stay cool

Thanks to its excellent heat dissipation, the aluminum ensures cool operation of the HDD/SSD. So this enclosure doesn't need a fan and it always remains quiet as a whisper.

### The height is crucial

Hard disks and SSDs with a height of up to 9.5 mm can be accommodated in the housing. This case is especially suitable for SSDs because they can work even faster than conventional HDDs. An LED indicates operation and access to the hard disk.

#### Logistical data

**Packing unit:** 40 pcs./carton  
**Total weight:** 8.2 kg/carton  
**Gross weight:** (with packing): 0.190 kg  
**Net weight:** 0.089 kg

**Dimension/carton:** 455x280x220 mm  
**Dimension (with packing):** 200x100x25 mm  
**Dimension of article:** 130x77x15 mm  
**Country of origin:** China
