## ICY BOX **IB-246FP-C3**

### External USB 3.0 Fingerprint Enclosure

### The data sovereignty remains with you

The fingerprint software allows you to authorize up to 8 different fingerprints or 8 different users to access your data. Thanks to the administrator password, the control over the user management remains completely with you.

### On the road with safety

External drives can be lost when travelling or on the road. But nobody wants personal or confidential data to leak to third parties. Thanks to 256-bit AES hardware encryption, your data is securely encrypted and protected from unauthorized access in real-time.

### Elegant, Easy, Noble

The stylish, toolless design of the IB-246FP-C3 makes it simple to install a drive. Lid open - drive in - lid closed - done! The cover made of noble aluminium ensures a shiny appearance.
