Packing content

1x IB-AC620-M2, 1x manual

Protection box for M.2 SSDs

The protection box of ICY BOX is made of high-quality and environmentally friendly materials. It has a sturdy and resilient cover and custom-made and moulded foam inserts inside, which accommodate selected M.2 SSDs and keep them safe from shock, dust and water splashing. The silicone sealing ring effectively keeps dust and moisture away from the protective box. In addition, the ergonomic locking clip allows easy opening and closing. A reliable utensil for storing and transporting your sensitive M.2 SSDs.

Technical data

| | |
|--------------------------------|--|
| Model | IB-AC620-M2 |
| Article no. | 60750 |
| EAN code | 4250078170877 |
| Brand | ICY BOX |
| Colour | Black/Grey |
| Material | Polycarbonate, silicone, EVA foam |
| Degree of protection | Dust, shock, and weather resistant silicone seal, no IP-classification |
| M.2 card size | 22x 30/42/60/80 mm |
| Maximum number of cards | 4x (22x80 mm) |

Notes

It is also possible to use several shorter SSDs, however, a perfect hold can then no longer be guaranteed because a hold on all four sides is no longer possible.

ATTENTION!

The silicone seal keeps out dust and moisture, but does not have an IP protection classification! The protection box should not be exposed to extreme environmental conditions.

ICY BOX **IB-AC620-M2** Protection box for M.2 SSDs

Sturdy

M.2 SSD enclosures are essential for the security of your M.2 SSDs. IB-AC620-M2 helps you to keep all SSDs in one place and to protect them well from external influences. The compact etui is particularly suitable for carrying in your pocket.

A perfect fit

The IB-AC620-M2 is made of high-quality and environmentally friendly materials. It has a sturdy and robust case with specially designed and moulded foam inserts, so that selected M.2 SSDs are inserted and protected from shock, dust and moisture.

Protection is the essential

ICY BOX has perfectly realized the challenge to store memory cards safely and to allow easy access via a reliable click-lock. All supported M.2 SSDs have their designated space in this weather-proof, silicone-sealed housing.
