Packing content
1x IB-DK4022-CPD, quick installation guide

USB Type-C™ Notebook DockingStation

Family growth! The Type-C™ DockingStation IB-DK2102-C has been extended by the IB-DK4022-CPD. DockingStations not only offer users a way to quickly transition from one working environment to another via a single cable, they can also add additional functionality and capabilities to notebook designs that are increasingly favoring form over function.

## USB Type-C™ DockingStation
with integrated cable

Stylish appearance - easy connection - multiple benefits

Perfectly combines high-quality appearance and efficient technology with a very compact size. The premium aluminium DockingStation does not only look good but also offers high comfort while in operation. This solution is suited for any location such as private or office areas.

Always at the ready

The integrated cable is always ready for use and cannot be lost. When stored safely in the cable mount, it stays out of unnecessary cable clutter in your pocket or drawer.

USB Type-C™

The Type-C™ connection offers incredible versatility. It combines data transmission, video output and power in a single, compact port. The integration of USB Type-C™ makes the connection even more practical, as it has a twist-proof connection as a physical feature - making it a truly universal connection.
