Power supply	USB powered
Operating system	Windows®, macOS®
System requirements	One free USB 3.1 (Gen 2) Type-C® port on your host computer

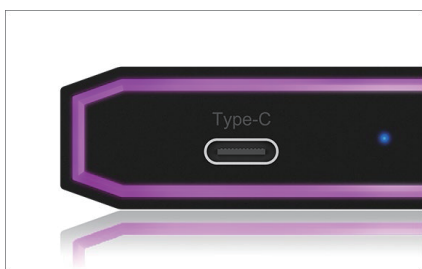

ICY BOX **IB-G226L-C31** RGB illuminated enclosure for 2.5" SATA SSD

RGB

The eight LEDs inside the case provide atmospheric and pulsating colour changes on the desk. And if you don't want a play of colours, the RGB lighting can simply be turned off thanks to the integrated switch.

Long loading times? Not with ICY BOX!

Waiting is annoying. That's why it's worth storing gaming content on SSDs and accessing it from them. Our ICY BOX IB-G226L-C31 offers the perfect environment for an external gaming SSD. Because with USB 3.1 (Gen 2) and data transfers of up to 10 Gbit/s, your SSD is perfectly utilised.

Screwless installation

The drive installation can be done easily and screwless. With a small Sim tool, the installation of the SSD is done in a few seconds. Thanks to Plug & Play, you can start right away.
